

SCIENTIFIC PROGRAM (GMT+3)

21ST OF MAY 2021, 1ST CONFERENCE DAY

Time table	Speaker	Presentation
9:00–11:30	Session 1. Rh disease	Moderated by Prof. Calda
09:00–9:30	Prof. Pavel Calda , Professor at Department of Gynaecology and Obstetrics, First Faculty of Medicine and General Teaching Hospital, Head of Fetal Medicine Center at Charles University in Prague, President of the Czech Ultrasound Society in Obstetrics and Gynecology CZMA JEP, Prague / Czech Republic	Rh disease: current situation in Europe
09:30–10:00	Dr. Viktor Oshovskyy , PhD, medical center “UNIKLINIKA” consultant, UEBMA board member, Kyiv / Ukraine	Rh disease: current situation in Ukraine and CIS region
10:00–10:30	Prof. Gerard H.A. Visser , Emeritus professor Obstetrics and former head of department at University Medical Center in Utrecht. Chair FIGO Committee Safe Motherhood Newborn Health. Former president of the European Association of Perinatal Medicine. Honorary Fellow of the Flemish, South African, Royal College and Romanian College of Ob&Gyn and of the German Perinatal Society, Utrecht / The Netherlands	Eradication of Rh disease; the FIGO/ICM guidelines
10:30–11:00	Prof. Gian Carlo Di Renzo , MD, PhD, Professor and Chair, Director of the Reproductive and Perinatal Medicine Center, Director of the Midwifery School at the University of Perugia, FRCOG, FACOG, FICOG, Founder & Editor in Chief, Journal of Maternal Fetal and Neonatal Medicine, Past General Secretary of FIGO, Perugia / Italy	The WIRhE initiative to prevent Rh disease
11:00–11:30	Discussion moderated by Prof. Calda , on the air Prof. Visser , Prof. Di Renzo , Dr. Oshovskyy	
11:30–11:50	Sponsor' Report	Rh diseases: what we should do in Ukraine
12:00–14:30	Session 2. Congenital CMV infection	Moderated by Prof. Luc De Catte
12:00–12:30	Prof. Jute Richter , MD, Professor at University Hospital of Leuven, Department of Obstetrics and Gynecology, Leuven / Belgium	Different approaches on screening versus non screening
12:30–13:00	Prof. Katrien Lagrou , Professor at Faculty of Medicine, department chair of the Department of Microbiology, Immunology and Transplantation, head of the Laboratory of Clinical Bacteriology and Mycology in Catholic University Leuven, Leuven / Belgium	Screening for CMV: accuracy of lab tests
13:00–13:30	Prof. Yves Ville , Professor of Obstetrics and Gynecology, chairman of the Department of Obstetrics and Fetal Medicine at Necker-Enfants-Malades Hospital at the Paris Descartes University, FRCOG, Paris / France	Prevention of transmission after first trimester primary CMV infection: fact of fiction?
13:30–14:00	Prof. Ina Foulon , MD, ENT-specialist, Professor of otorhinolaryngology at Brussels University Hospital, Brussels / Belgium	Neonatal CMV screening and the impact on sensorineuronal hearing deficit
14:00–14:30	Prof. Luc De Catte , Professor, Clinical Director of Fetal-Maternal Medicine, Department of Gynaecology and obstetrics, Universitair Ziekenhuis Leuven, Leuven / Belgium Dr. Michael Aertsen, MD, consulting radiologist at radiology department, University Hospital of Leuven, Leuven / Belgium	Fetal CMV infection: ultrasound and MRI investigation
14:30–14:50	Sponsor' Report. SYNEVO	CMV screening program in Ukraine
15:00–16:20	Session 3. Prenatal Genetics: NIPT	Moderated by Prof. Nikolenko
15:00–15:20	Prof. Katya Bilardo , Professor, Department of Obstetrics, Gynecology and Fetal Medicine at Medical Center of Amsterdam University, Past-President of ISUOG, Amsterdam / Netherlands	NIPT: for trisomies or genome wide? The Dutch experience
15:20–15:50	Prof. Carl Oliver Kagan , Professor in Prenatal Diagnostic and Fetal Medicine, Department of Gynecology and Obstetrics at University of Tuebingen, Tuebingen / Germany	“10 Golden Rules” to guide implementation of NIPT in the obstetrics practice
15:50–16:00	Talk moderated by Prof. Nikolenko , on the air Prof. Kagan	
16:00–16:20	Sponsor' Report. SYNEVO	NIPT: program in Ukraine
16:30–18:00	Session 4. Placenta Accreta Spectrum	Moderated by Prof. O'Brien
16:30–16:50	Prof. Pavel Calda , Professor at Department of Gynaecology and Obstetrics, First Faculty of Medicine and General Teaching Hospital, Head of Fetal Medicine Center at Charles University in Prague, President of the Czech Ultrasound Society in Obstetrics and Gynecology CZMA JEP, Prague / Czech Republic	Placenta accreta spectrum: ultrasound diagnostic
16:50–17:10	Prof. Olivier Morel , Cardiologist, Professor of cardiology in University of Strasbourg, hospital practitioner at the New Civil Hospital of Strasbourg, Strasbourg / France	Management of Placenta accreta spectrum
17:10–17:40	Prof. Frederic Chantraine , MD, PhD, assistant professor of Medical Faculty of University of Liege, clinical director of Department of Obstetrics and Gynecology in Central Regional Hospital de la Citadelle in Liege, Liege / Belgium	Placenta accreta spectrum: evidence-based practice
17:40–18:00	Discussion moderated by Prof. O'Brien , on the air Prof. Calda , Prof. Chantraine , Prof. Morel	

SCIENTIFIC PROGRAM (GMT+3)

22ST OF MAY 2021, 2ND CONFERENCE DAY

Time table	Speaker	Presentation
9:00–10:20	Session 5. COVID-19 pandemic	Moderated by Prof. Calda
9:00–9:30	Dr. Martin Hynek , MD, Deputy Head of Fetal Medicine Department at GENNET- Center for Genetics, Fetal Medicine and Assisted Reproduction, Prague / Czech Republic	The statistics behind COVID-19
9:30–10:00	Prof. Pat O'Brien , Bachelor of Medicine, Chair of the International Division of the Institute for Women's Health, Consultant in Obstetrics & Gynaecology at University College London Hospitals (UCLH), Vice President for membership of the RCOG, President Elect of Obstetrics & Gynaecology at the Royal Society of Medicine, London / GB	The collateral effects of the COVID-19 pandemic on pregnancy
10:00–10:20	Talk moderated by Prof. Calda , on the air Prof. O'Brien	
10:20–11:00	Sponsor' Report. Abbott Laboratories	
11:00–13:00	Session 6. Interventions that are supposed to matter	Moderated by Prof. Visser
11:00–11:30	Prof. Gerard H.A. Visser , Emeritus professor Obstetrics and former head of department at University Medical Center in Utrecht. Chair FIGO Committee Safe Motherhood Newborn Health. Former president of the European Association of Perinatal Medicine. Honorary Fellow of the Flemish, South African, Royal College and Romanian College of Ob&Gyn and of the German Perinatal Society, Utrecht / The Netherlands	Prevention of alcohol abuse in pregnancy is more important than prevention of birth asphyxia
11:30–12:00	Prof. Zarko Alfrevic , MD, FRCOG, Professor of Fetal and Maternal Medicine and Associate Pro-Vice-Chancellor at the University of Liverpool, Head of Department of Women's and Children's Health at the Liverpool Women's Hospital, Liverpool / GB	Cervical length screening in pregnancy, should that really be implemented nationwide?
12:00–12:30	Prof. Kypros Nicolaides , MD, FRCOG, Professor in Fetal Medicine and director of the fetal medicine unit at the King's College Hospital in London. Founder and Chairman of the Fetal Medicine Foundation, London / GB	Early screening for PE: yes, ready to be implemented nationwide
12:30–13:00	Discussion moderated by Prof. Visser , on the air Prof. Nicolaides , Prof. Alfrevic	
13:20–14:00	Sponsor' Report. Bayer Healthcare	
14:20–16:20	Session 7. First Trimester Anomaly Scan	Moderated by Prof. Khalil
14:20–14:40	Prof. Katya Bilardo , Professor, Department of Obstetrics, Gynecology and Fetal Medicine at Medical Center of Amsterdam University, Past-President of ISUOG, Amsterdam / Netherlands	The Value of First trimester screening in the NIPT area
14:40–15:00	Prof. Asma Khalil , Professor of Maternal and Fetal Medicine, the Lead for the Multiple Pregnancy service at St George's Hospital, University of London, London / GB	Fetal abdomen in first trimester
15:00–15:20	Prof. Rabih Chaoui , Doctor of Medicine, Co-Director of the Center of Prenatal Diagnosis and Human Genetics, chairman of the ISUOG Education Committee (2009–2013), Berlin / Germany	Fetal heart examination
15:20–15:40	Prof. Asma Khalil , Professor of Maternal and Fetal Medicine, the Lead for the Multiple Pregnancy service at St George's Hospital, University of London, London / GB	First trimester ultrasound in twin/multiple pregnancy
15:40–16:00	Prof. Rabih Chaoui , Doctor of Medicine, Co-Director of the Center of Prenatal Diagnosis and Human Genetics, chairman of the ISUOG Education Committee (2009–2013), Berlin / Germany	Fetal skeleton in first trimester
16:00–16:20	Discussion moderated by Prof. Khalil , on the air Prof. Bilardo , Prof. Chaoui	
16:20–16:40	Sponsor' Report	
17:00–18:00	Session 8. Prenatal diagnosis: Mendelian genetics	Moderated by Prof. Nikolenko
17:00–17:30	Prof. Svitlana Arbuzova , Doctor of Medicine, Director of Eastern-Ukrainian specialized Centre of medical genetics and prenatal diagnostics, member of the Scientific Committee of the National council on the science and technology development, Kyiv / Ukraine	Classical genetics: stigmas of dysembryogenesis
