LEARN MORE

MODERATORS

Prof. Ashok Khurana

Professor of Radiology, Consultant in Reproductive Ultrasound, Head of the Radiology in Ultrasound Lab, New Delhi / India

Prof. Inessa Safonova

PhD, MD, Professor, Dept of Radiology, NTU KhPI, Kharkiv regional clinical hospital, ultrasound consultant, UZschool, Kharkiv / Ukraine

SPEAKERS

Prof. Lil Valentin

Prof in Ob&Gyn at Lund University, Dept of Ob&Gyn, Skåne University Hospital Malmö / Sweden

Prof. Lori M. Strachowski

Prof Emerita, Radiology and Biomedical Imaging, Ob, Gyn and Reprod. Sciences, University of California, San Francisco / USA

Prof. Rochelle F. Andreotti

MD, Prof of Clinical Radiology and Ob&Gyn, Vanderbilt University Medical Center, Nashville, TN / USA

Dr. Manuela Ludovisi

M.D, PhD, Assistant Professor of Ob&Gyn, Faculty of Medicine and Surgery University of L'Aquila, Rome / Italy

Prof. Francesca Moro

Department of Women's and Child Health and Public Health Sciences, Agostino Gemelli University Hospital Foundation, IRCCS, Rome / Italy

Prof. Stefano Guerriero

Prof of Ob&Gyn, Univ of Cagliari, Head of Integrated Center for Medically Assisted Procreation (PMA) and Ob-Gyn Diagnostics, Cagliari / Italy

Prof. Aniruddha R Kulkarni

MBBS MD (Radiodiagnosis), Prof. Radiology R.K Damani Medical College-SRIMS Medical college, Aurangabad / India

Prof. Karine Tokhunts

PhD, Prof in Yerevan State Med. Univer., President of the Armenian Association of Ultrasound Diagnosis in Ob&Gyn, Vice-President of the Armenian Association of Reproductive Medicine / Armenia

EDUCATIONAL GOALS

To improve the ability to assess ovarian masses using the IOTA and O-RADS classification systems.

To deepen understanding of ultrasound features in uterine conditions like adenomyosis, fibroids, and sarcomas, and address diagnostic challenges.

To enhance skills in diagnosing and managing endometriosis with ultrasound, including recognizing complications and predicting outcomes.

To develop expertise in pelvic floor ultrasound for diagnosing and treating pelvic floor disorders.

To strengthen diagnostic decision-making through the study and analysis of real-life case scenarios.

To improve the ability to connect ultrasound findings with clinical outcomes in gynecological conditions, aiding in more accurate diagnoses and treatment plans.

Prof. Rasha Kamel

Prof of Ob&Gyn, Consultant MFM, Cairo Univ., Egypt. Visiting Prof, Charles Univ. in Prague, Ambassador of ISUOG to Middle East & North Africa / Egypt

Prof. Inessa Safonova

Prof, Department of Radiology, NTU KhPI, Kharkiv regional clinical hospital, ultrasound consultant, UZschool, Kharkiv / Ukraine

Prof. Ashok Khurana

Professor of Radiology, Consultant in Reproductive Ultrasound, Head of the Radiology in Ultrasound Lab, New Delhi / India
